

Neighbourhood Plan

We think it is very important for local people to have as much say as possible in the way Willand develops, and are working to achieve this through a Neighbourhood Plan. This is a formal way that villagers views can be given more weight in future decisions about our village. It gives a particular opportunity for residents to express what they want the character of Willand to be going forward. We are very grateful for all the feedback you have given us so far.

We are holding three open meetings in the Village Hall Club Room over the next few weeks to look at three of the topics which we know matter to a lot of people in Willand. If you have any opinions about one or more of these issues please come if you can.

The Topics are

- **Traffic** on Thursday the 3rd February at 7pm
- **Pathways and Cycleways** on Thursday the 3rd March at 7pm
- **Housing** on Thursday the 31st March at 7pm

We really want to hear your opinions.

If you can't make a meeting but have something you feel you want to say on these or any other things we would welcome an email at npg@willand-pc.org.uk

We intend to display a first draft of what a plan might contain, based on what villagers have told us, over the Jubilee weekend at the beginning of June. Please keep an eye out for that too, and give us your response and feedback.
