

Neighbourhood Planning Group Report 11-11-21

1. There was a good attendance at our meeting with local community organisations last Tuesday, with active discussion and good ideas. Groups, led by Planning Group members, provided a lot of positive contributions which will add to our growing understanding of what a Plan might include.
2. There was an exploratory discussion about the Jubilee Weekend. Frances has submitted an article on behalf of the Group to the Willand Magazine asking more widely 'What sort of celebration would people like to see in the village? Would you like to be involved in organising the celebrations?'
3. The Group is meeting again in a couple of weeks with our consultant with the intention of setting a realistic list of tasks and timeline for the project, with the final village referendum likely to be on 4th May 2023. We would now like formally to register with MDDC our wish to propose a Neighbourhood Plan.
4. Our current group membership is Cllrs Little, Mastrolacasa and Wilcox together with Kate Taylor and Jason Scott - and Barbara Bodkin attends.
